EN 12620 - Aggregates for concrete

CASTLE GRIND 8-14 MM

Geometrical requirements

Aggregate size	8-14 mm
Grading	G _C 80/20
Flakiness Index	Fl ₃₅
Fines content	f _{1,5}

Physical requirements

Resistance to fragmentation	LA ₃₀
Resistance to wear	M _{DE} 15
Resistance to polishing	PSV _{NR}
Density	2,55 kg/m ³
Acid soluble sulfate content	AS _{0,2}
Total sulfur	<1%
Water absorption	2,33
Freeze-thaw resistance	F ₁

Declaration of Conformity EC

The supplier - Inter Minerals nv, Oude Sluisweg 30/0101, B-2880 Bornem - declares that the aggregate *Castle Grind 8-14 mm* complies with the requirements of EN 12620 and the conditions for the EC marking according to the Annex ZA of EN 12620.
